

Mississippi Trial Lawyers Association

P. O. Box 1992, Jackson, MS 39205 601/948-8631

DAVID F. GATES
Executive Director

August 11, 2003

Dear MTLA member:

The Mississippi Trial Lawyers Association recently engaged Mr. Rick Myers of RMH Telecom Consultants to review our telecommunications systems and expenditures. After the initial contact, we provided Mr. Myers the information requested for review. Mr. Myers kept me well informed throughout the preliminary phase and later presented a very professional and detailed report of their recommendations. The analysis included an independent review of our local, data, cellular, and long distance services, resulting in a savings well in excess of \$6,000.00 per year, more than 37% of the total expenditures. The review also included the elimination of a number of services that were not being used in the local and data areas, resulting in refunds from the providers.

Based on the results achieved, I highly recommend M. Myers and RMH Telecom for any business interested in reducing their over all telecom expenses. MTLA has also recognized RMH Telecom Consultants as an Infinity Partner for our preferred vendors program. Please feel free to contact me if you have any questions or concerns.

Yours Truly,

David Gates
Executive Director
